## REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (Optional)

ZAHFRI P369USRI

1 of 5

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 6,572,507, granted June 3, 2003 and for which a reissue patent is sought on the invention entitled AUTOMATIC TRANSMISSION FOR MOTOR VEHICLES,

the specification of which

☒ is attached hereto, including the accompanying Preliminary Amendment.☐ was filed on \_\_\_\_\_ as reissue application number \_\_\_\_\_and was amended on \_\_\_\_\_  
(If applicable)

I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☒ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This broadening reissue is based on the unnecessary limitation of "the output shaft (11) is fixedly connected with a spider (19) of the second planetary set (3) and is fixedly connected with an integral gear (14) of the first planetary set (2)" being inadvertently and unnecessarily inserted in independent claim 1. Without the above noted limitation, independent claim 1 is still believed to still adequately distinguish over all of the art of record in this case.
